

Velocity Title is pleased to offer a fully electronic signing experience!

Remote Online Notarization (RON)

Is a RON closing right for me?

We understand life can be busy. We want to work with you and your schedule to minimize your stress and maximize your free time. If you have a computer, webcam, microphone, and speaker, a RON closing might be right for you! Check out the attached info sheet for more specific information.

Spend less time traveling and signing

Enjoy the same closing experience digitally

Receive the same great customer service Velocity has to offer

Reach out to your processor to get scheduled!

if we aren't

Important RON Information

1.

Most importantly, you must have a good internet connection, webcam, speakers, and a microphone for the video call.

2.

Have a government issued photo ID ready for verification and identification questions.

3.

Review and e-sign eligible documents ahead of time through Qualia.

4.

If you'd like, coordinate with your agent so they can join the video call with you.

5.

Join the video call through Notarize and sign your documents electronically.

6.

You're done! We will send copies of all of your closing documents once the closing is complete.

If you meet these requirements, we can do a RON!
Let your processor know you'd prefer a RON closing, and we'll take it from there.
